

## BENEFITS OF AN FX ALUMINUM BODY

### SPACE FOR YOUR LARGEST EQUIPMENT

Flush mounted hinged doors with stainless steel hardware allow full-width storage.

### DOORS DESIGNED FOR SAFETY AND CONVENIENCE

Roll-up doors give you easy access to adjustable shelves, roll-out trays and tool boards without extending into the roadway for added safety.

### RELIABLE WIRING

Heavy gauge function and colour coded wiring, along with terminal blocks and connectors, form the basis for a reliable wiring system.

### DETAILED, PRECISE PAINT APPLICATION

Rosenbauer's state of the art paint process is environmentally controlled for precise application. Paint is mixed to create or match any shade, then applied and baked for a durable, consistent, high-gloss finish.
